

Roberto Montemayor

Full Stack Web Developer
Houston, TX | (713)-679-0268

[Github.com](https://github.com) |
[linkedin.com/in/Robert-Montemayor/](https://www.linkedin.com/in/Robert-Montemayor/) | rob35566@gmail.com

Driven web developer with the ability to pick up new languages and technologies as needed. Prior to being a web developer, I worked as a Store Manager for Multiple locations across the Houston area with the ability to quickly adapt and improve store sales and employee performance.

Software Development Skills

- JavaScript, React, Python, Node.js, Express, Redux, RESTful API, PostgreSQL, Sequelize, Bootstrap, Flexbox, AWS, HTML, CSS, Git, Github

Education

Digital Crafts | Certificate in Software Engineering | Houston, TX

Feb 2022 – June 2022

- Software engineering training program covering full-stack development including, but not limited to JavaScript, and Python, including an emphasis on cutting-edge frameworks like React/Redux and server-side technologies including Node.js, Express, and PostgreSQL.
- Harmony School of Excellence | Houston, TX

August 2014 – June 2018

Web Development Portfolio

Vincents Pizza | <https://BossDevPizza.netlify.app/> | <https://github.com/rob35566/BDPPizza.git>

April 2022

- Member of a 3-person development team building a dynamic restaurant website.
- Users can enter a username and password and place to-go orders and save their info for future orders
- Primary responsibilities included linking backend routes, styling and calling info from a database as well as storing data via localhost to dynamically populate cart items and order totals.
- Built with HTML, JavaScript, node.js, CSS, Sequelize, Flexbox, and Bootstrap.

Travel App | [TavelApp hyperlink](#) | github.com/rob35566/TravelApp

March 2022

- Member of a 4-person development team building a travel app website that allows users to search for fun events happening in real-time within the user's chosen city.
- User experience allows users to search for a specific city and will be shown dynamic results pulled from the web.
- Primary responsibilities included learning to use API calls to fetch data from event sites, storing user data in local storage, and minor styling
- Built with HTML, JavaScript, node.js, CSS, Sequelize, Flexbox, and Bootstrap.

Professional Work Experience

Dominos | Store Manager | Houston, TX

Jan 2017 – Present
